**Application due date: Accepting applications now;
position is open until filled.**

About ASISTA:

ASISTA is a national leader in the movement for safety and justice for immigrant survivors of gender-based violence. Through policy advocacy, strategic litigation, training, case consultation and intervention, we deploy our specialized expertise to change individual lives and harmful systems. We are coalition-builders, cultivating uncommon allies and building bridges across sectors to challenge the oppressive structures that erect barriers to justice and cause further harm to immigrant survivors of violence. Through our robust membership program, we support advocates and attorneys working on the frontlines nationwide.

Our experience and expertise are situated solidly at the intersection of gender justice and immigrant rights. ASISTA's founders helped write the federal laws providing protection for immigrant survivors of gender-based violence, including the Violence Against Women Act (VAWA). We are a part of the broader movement for racial justice, both nationally and globally; the achievement of our goals is inextricably bound up with its success. Our approach will always be intersectional, holistic, and survivor-centered—all elements that make our work, and this movement, stronger and more effective.

Our vision is that immigrants live in a just world free from violence. Our mission is to advance the dignity, rights, and liberty of immigrant survivors of violence. Please see our core values, below. To learn more about ASISTA, please visit our website at www.asistahelp.org.
